Amazing presentation and content. Lots of useful tips on how to handle the more challenging clients. Very engaging course and asked us very important questions that I have never considered before. Very important learnings that I can include in my work and role moving forward. So thank you again!

Polly Ogden – Maclynn International

Excellent delivery, clear, concise and very helpful. Exceptional insights and very knowledgeable trainer. On top of the content, what really stood out was the engagement, the originality and the personal anecdotes the trainer shared! Well done for an engaging and insightful session!

Kate Berry – Clinic Manager - London Vision Clinic

Pierre went into full details on the different aspects of customer success and covered everything we wanted. We are now 10 times more knowledgeable on both basics of customers service and on how to manage difficult clients. The way it was presented, how we had to work on our own documentation and the way Pierre engaged with us made it very interactive.

Blizzard Group

Very useful, so nice to see things from another perspective. Great personal examples and experience shared. Made the Training very interactive. Feel like I have learned many things to improve my managing skills during a very entertaining course. The body language of the presentation is very good.
